

JEWEL LINE **BY M&C**

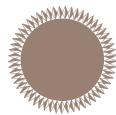

FROM START TO FINISH

We proudly present: our exclusive Jewel line, a collection of extraordinary keys enriched with stunning black and white GIA certified diamonds. All keys are available in the luxurious materials: gold, silver, platinum, and titanium. Each piece in our Jewel line is unique and handcrafted with special care by our artisans in the Netherlands.

To create extraordinary and unique designs, original parts of the most exclusive cars of legendary racing drivers are used. From start to finish, our Jewel line is designed for champions. Explore our masterpieces now.

CRAFTED TO PERFECTION

In collaboration with Dutch goldsmith Martin Niemeijer, each key is designed to enhance your personal style. After finishing and polishing, your key can be inserted with different types of GIA certified diamonds and original race car parts of choice.

Martin Niemeijer
